Reimbursement to the hospital (and the patient's financial responsibility) will also vary based on the term of any insurance coverage, contractual reimbursement rates, deductible, copay, and coinsurance.

The above 2016 charge estimates are based on rates as of 07/01/2016. Charges for specific patients will depend on many factors including the physician, the condition of the patient, unexpected complications, or additional procedures required. These charges are to be considered estimates only and are not a guarantee of final costs. These are hospital charges only except where indicated. Other fees and charges are not included such as surgeon or other physician fees, radiologist, and other non-facility fees.

This ESTIMATE is for Bridgton Hospital's provider and hospital charges for anticipated care. Actual amounts on the final statement may vary from the estimate, based on the patient's medical condition, unanticipated circumstances or complications and additional treatment ordered by the care provider team. This estimate covers Bridgton Hospital's provider and hospital charges only, and does not include professional fees for services not billed by Bridgton Hospital, such as those provided by a radiologist, pathologist, anesthesiologist, nurse practitioner or other independent practitioner outside the Bridgton Hospital. Please be advised that while Bridgton Hospital's attempts to estimate the total amount of Bridgton Hospital's provider and hospital charges as accurately as possible, there may be significant variations between the estimate provided and the actual services rendered. Accordingly, Bridgton Hospital makes no representations, express or implied, and disclaims any and all liability, as to the accuracy of this estimate.
